## Nelle Boeckx

**Nelle Boeckx** is the Art Director of Royal Blue Resort and Residences and an accomplished artist. After graduating from the Inchbald School of Design in London, she has worked in various fields of the art industry, including photography and interior decoration. In recent years, Nelle has focused on her art, which features a collection of resin pieces and compelling paintings.

At the core of her collection lies a powerful symbol: the Eye. This symbol serves as a reminder that in matters of love, life, and self-discovery, we must maintain an unwavering and open gaze. The Eye acts as a vessel for introspection, a conduit for understanding the complexities of relationships, and a lens through which we navigate the intricacies of our existence. It symbolizes the perpetual need to question, observe, and remain vigilant in the pursuit of knowledge and understanding.

As you traverse this visual journey, the hope is to inspire contemplation on the depth and breadth of human emotion, particularly as experienced by women. Each brushstroke is a testament to the resilience, vulnerability, and strength inherent in the feminine spirit.

**Never shy away from the complexities of love and life, and always keep an eye open to the beauty that surrounds us.**
