Artists Nelle Boeckx

Nelle Boeckx is the Art Director of Royal Blue Resort and Residences and an accomplished artist. After graduating from the Inchbald School of Design in London, she has worked in various fields of the art industry, including photography and interior decoration. In recent years, Nelle has focused on her art, which features a collection of resin pieces and compelling paintings.

At the core of her collection lies a powerful symbol: the Eye. This symbol serves as a reminder that in matters of love, life, and self-discovery, we must maintain an unwavering and open gaze. The Eye acts as a vessel for introspection, a conduit for understanding the complexities of relationships, and a lens through which we navigate the intricacies of our existence. It symbolizes the perpetual need to question, observe, and remain vigilant in the pursuit of knowledge and understanding.

As you traverse this visual journey, the hope is to inspire contemplation on the depth and breadth of human emotion, particularly as experienced by women. Each brushstroke is a testament to the resilience, vulnerability, and strength inherent in the feminine spirit.

Never shy away from the complexities of love and life, and always keep an eye open to the beauty that surrounds us.

Artist Monika Marku

Monika Marku: The Visionary Artist of Black and White Photography

We are excited to present our new artist, Monika Marku, an established multimedia artist whose compelling photographic works are set to be displayed at our gallery from the end of October 2024. Monika Marku is a distinguished alumna of the prestigious Academy of Fine Arts of Brera, Milan, Italy, where she specialized in the Department of Design and Applied Art. She further honed her creative skills by earning a Master's Degree in Multimedia Design and Video, blending traditional artistic techniques with modern digital approaches. Her artistic journey reflects a fusion of design sensibilities and innovative multimedia storytelling.

Monika's work stands out in the contemporary art scene due to her unique approach to black-and-white photography. She masterfully associates different images, creating a visual narrative that evokes powerful emotions and messages. Each photograph is not just a standalone image but part of a larger conversation, urging viewers to look deeper and question the connections between the seen and the unseen.

Exhibition Theme

Her upcoming exhibition will showcase a curated selection of her black-and-white photography, where Monika's skill in layering images creates a dialogue between contrasting elements. These works are defined by their striking composition, depth, and the subtle interplay of light and shadow, which collectively produce a strong impact that resonates with the audience. Her art is an exploration of the human experience, distilled into monochromatic expressions that are both raw and refined.

We selected Monika because her work pushes the boundaries of traditional photography, blending art and multimedia in a way that feels both timeless and contemporary. Her ability to convey complex emotions and narratives through simple, yet powerful, imagery sets her apart as a visionary artist. This exhibition is not just a display of photographs; it is an invitation to experience the world through Monika's lens, where every image tells a story.

Pensieri

PENSIERI
DIGITAL-DOUBLE EXPOSURE PHOTOGRAPHY
YEAR 2024

"Pensieri" is a powerful portrayal of a pivotal moment in the human experience — the act of decision-making.

Through a masterful interplay of lines, varying in intensity and direction, the artwork captures the intricate web of thoughts and emotions that surface during moments of profound internal conflict. Each line serves as a visual metaphor for the emotional tension and mental struggle that accompany difficult choices, reflecting the turbulence of indecision. Yet, amidst this complexity, the poised posture of the figure embodies a quiet strength, symbolizing resilience and the quiet patience required to navigate uncertainty and ultimately make the right choice.

DIGITAL DOUBLE-EXPOSURE PHOTOGRAPHY
EXHIBITED IN A SOLO EXHIBITION AT THE GALLERY OF TIVAT

EACH JOURNEY INTRICATELY WEAVES THESE ELEMENTS TOGETHER, RESULTING IN A POWERFUL INTERPLAY THAT GIVES BIRTH TO NEW, IMAGINATIVE REALITIES WITHIN THE PHOTOGRAPHS.

THE FINAL CREATION, REBOUND, EMERGES FROM THIS PROCESS, OFFERING A SURREAL AND UNIQUE IDENTITY THAT CHALLENGES CONVENTIONAL PERCEPTIONS OF BOTH ART AND REALITY. IT INVITES VIEWERS TO ENGAGE WITH THESE TRANSFORMED WORLDS, ENCOURAGING FRESH INTERPRETATIONS AND INSPIRING THOUGHT-PROVOKING REFLECTIONS ON THE INTERCONNECTEDNESS OF THE HUMAN FORM AND THE WORLD AROUND US.
